

PIZZA PEEL

LISTING TITLE:

Lorrenzetti Bamboo Pizza Peel. Easily Slide Pizzas Into Your Oven. 19.7" x 11.8" Large Paddle. Beveled Edge For Smooth Grip. Made With Non Split, Anti Bacterial, Ethically Sourced Bamboo.

BULLETS:

- **NO SPLITTING, CRACKING OR WARPING.** Moisture absorption is an enemy of any wood product. Good thing Lorrenzetti's Natural Bamboo Pizza Peel is essential oil-finished, inhibiting moisture, and thus preventing wood grain contraction/expansion. When used and cared for properly, you can delight in lots more pizza nights with your Lorrenzetti Bamboo Pizza Peel!
- **GERM-FREE.** Thanks to "bamboo kun", you can now feast – worry free – on Delicious AND Clean homemade pizza! An anti-microbial agent naturally present in bamboo, this bamboo kun ensures you get to enjoy your best pizza minus the "extra ingredients".
- **EASY TO USE.** Lorrenzetti Bamboo Pizza Peel's tapered edges allow you easy sliding under pizza dough for quick, one-stroke pizza preparation. Promptly scoop that dough off the table and into your oven, get that pizza done, and don't miss a hearty conversation with your family!
- **PERFECT SIZE.** With a 19.6 x 12 x 0.6-inch paddle, you won't have to twist and tilt just to have that pizza dough make it into your oven. You're not in some tae-bo class that you need to twist and bend like that, are you?
- **NICE, SECURE GRIP.** Our bamboo pizza peeler has contoured handle design that ensures not only an easy, but a secure grip as well. Talk about make or break – literally! An awkward grip can very well determine whether that pizza's ending up in the oven, or flat on the floor.

DESCRIPTION:

See, affordable price and beauty is not always everything. Toss in Durability and Functionality and, viola! Now THAT'S value for money. In one word – *LORRENZETTI*.

OIL FINISHED, TRIPLE-LAYER, MULTI-DIRECTIONAL REINFORCED BAMBOO

This 4-part combo ensures you get a durable tool. Bamboo's tensile strength is a given; a triple layer gives you 3x of that strength; the multi-directional manner of layering furthers that compounded strength; and the oil finish seals everything off from moisture.

Pizza peels that split, crack or warp in only a few uses are just not something that offers value for your hard-earned money.

NATURALLY HARD AND ANTI-MICROBIAL

Lorrenzetti Pizza Peel contains that natural anti-microbial agent called "bamboo kun", making it NATURALLY antibacterial, antifungal and odor resistant. The natural structure of bamboo woods also make it possible for our pizza peel to prevent deep knife grooves – a potential germ breeding ground.

19.6 X 12 X 0.6-INCH PADDLE

Thanks to Lorrenzetti Bamboo Pizza Peel, getting that pizza in and out of the oven is as easy as 1, 2, 3. With that perfect fit, preparation is easier, so it won't be long before you'll be chomping at that warm, chewy, savory pizza.

TAPERED EDGES

Dish out pizza a lot quicker with Lorrenzetti Bamboo Pizza Peel's tapered edge feature. The contours are sensibly designed and made so that sliding beneath that pizza dough is a breeze.

When everybody's excited for pizza, you got to have that pizza. And, like, fast! So, grab your Lorrenzetti Bamboo Pizza Peel, lest all the excitement be gone yonder and come to pass. ☺

CONTOURED HANDLE DESIGN

Our pizza peel's contoured design ensures a secure, and at the same time, comfortable grip. You're trying to bake pizza, not PLAY catch that pizza! This time, your pizza is literally in good hands.
